

# San Francisco State University

## CSC 648 - 848

### Milestone 0 Submission Form

#### Section 02 Team 9

Item	Credentials
Website URL	<a href="http://ec2-18-191-183-201.us-east-2.compute.amazonaws.com/">http://ec2-18-191-183-201.us-east-2.compute.amazonaws.com/</a>
SSH URL	<a href="http://ec2-18-191-183-201.us-east-2.compute.amazonaws.com">ec2-18-191-183-201.us-east-2.compute.amazonaws.com</a>
SSH Username	ec2-user
SSH Password/Key	using SSH RSA pem-key : csc648team9-rentsite pem file attached
Database URL	DB Host: ec2-18-191-183-201.us-east-2.compute.amazonaws.com
Database Username	team9user
Database Password	team9user

Addition information, anything to help with executing or grading of the current milestone

How to build and run:

1. Clone: <https://github.com/CSC-648-SFSU/csc648-sp19-team09.git>
2. `cd csc648-sp19-team09/application/front-end/`
3. Execute:
  - a. `npm install`
  - b. `npm run start`
  - c. Go to `http://localhost:3000`

Assumption from requirements for M0

A1	Website is accessible for the public but geared for SFSU students
A2	Content on Desktop and Mobile version is the same
A3	About page will have a page with links to each team member's pages
A4	Website will be mostly geared for desktop PCs/browsers, however the website should be responsive and render well on mobile
